PASSPORTS & VISAS

When passengers pay us online, their passport information goes directly onto our system.

This information can be edited up to ten weeks before the tour departs.

Having the passport names confirmed is important because airlines charge name change fees for any incorrect names provided.

It is the responsibility of the passenger(s) to ensure that they have a valid passport or visa in time to travel with the group.

LUGGAGE INCLUSION, ADVANCED CHECK-IN & RESERVED SEATING

Most groups tours travel with 10 kilos of luggage; if you feel your tour needs more than that, let us know and we'll get that organised.

Some airlines have compulsory online check-in. We will use the passport information we collected via the online payment system in these cases.

We include the cost of seat allocation in the tour price that allows us to check-in the group in advance, where permitted.
